

ABSTRACT OF THE DISCLOSURE

Systems and methods are disclosed for processing transactions between a customer and a business. An exemplary system includes a server used by the business and being accessible by the customer, and a customer account associated with the customer housed on the server. The customer account includes automated instructions that allow the customer to advise the business of an upcoming payment for an upcoming event, to request a payment from the business from a previous event, or to pair a payment with one or more upcoming events.
